

## How do I track my race?

Choose a GPS tracker that works on your wearable phone and/or watch. Here are some of our favourites:

Note, apps like Strava and Runkeeper will need to be downloaded from the relevant app store on either your iOS or android device.

To avoid unnecessary hiccups, we strongly recommend testing your GPS tracker during training.

## Steps to track your race.

Once you have registered for any of the Hapalua Festival virtual race distances or challenges you will be given your own participant **ACCOUNT** page where you can update your personal information and submit evidence of your race.

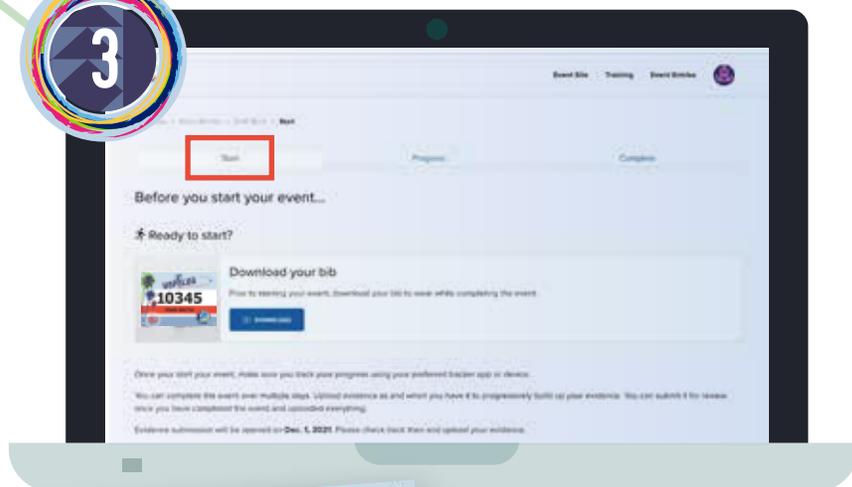

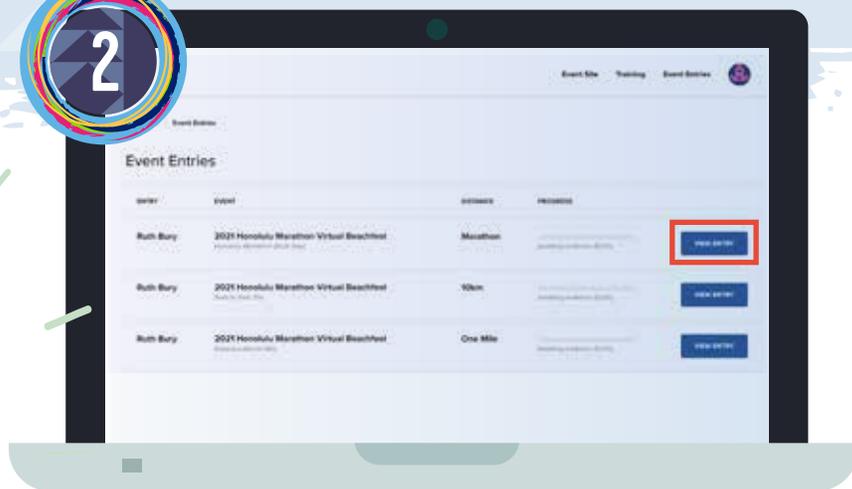

**1** Click the **ACCOUNT ICON** in the upper right corner of the Virtual Hapalua Festival home page. Here you will find the event(s) you've registered for.

# HAPALUA

**2** Select the **VIEW ENTRY** next to the event when you're ready to start!

**3** Before you **START** your event, **DOWNLOAD** your bib to wear while completing the event.

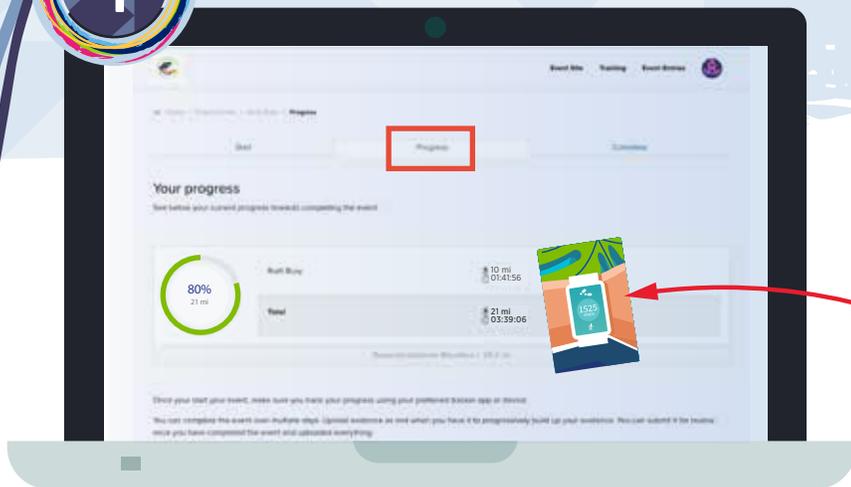

PART OF THE HONOLULU MARATHON® OHANA

4

4 Select the **PROGRESS** tab to upload and track your progress.

Note, if doing a 'Multi-day challenge', you must submit multiple pieces of evidence that support the overall distance covered and you need to submit all pieces of evidence at the same time.

If you're struggling to submit a screenshot, you can upload a photo of your GPS tracker. Simply take a photo of your device, like shown here:

5

5 Go to the **COMPLETE** tab once you've submitted your evidence and **DOWNLOAD** your certificate! Congratulations!
